This Syllabus is brought to you for free and open access by ScholarWorks@UNO. It has been accepted for inclusion in University of New Orleans Syllabi by an authorized administrator of ScholarWorks@UNO. For more information, please contact scholarworks@uno.edu.

UNIVERSITY OF NEW ORLEANS DEPARTMENT OF CIVIL & ENVIRONMENTAL ENGINEERING

ENCE 4318-5318 HYDRAULIC ENGINEERING SYSTEMS

CATALOG DESCRIPTION

ENCE 4318 Hydraulic Engineering Systems 3 cr.

Classification of flows. Application of continuity, energy and momentum principles to hydraulic systems. Similitude in hydraulic models. Application of hydrostatics to hydraulic structures including preliminary design of gravity and arch dams. Friction concepts. Flow

in pipe networks. Pumping systems. Application of basic principles to open channel flow. Concepts of critical flow, uniform flow, and hydraulic jumps. Design of non-erodible and erodible channels. Steady gradually varied flow in open channels. Design of hydraulic structures.

PREREQUISITES for ENCE 4318 and 4319

ENCE 3318 or ENME 3720 and ENME 3716.

CO-REQUISITES: ENCE 4318 and 4319 must be taken concurrently.

Graduate Students: ENCE 5318 and ENCE 5319 must be taken concurrently. Also, if you have received undergraduate credit for ENCE 4318 and ENCE 4319, you will not receive graduate credit for ENCE 5318 and 5319.

TEXTBOOK:	Elementary Hydraulics by <u>James F. Cruise; Mohsen M. Sherif; Vijay</u> <u>P. Singh,</u> Thomson, 2006.
LECTURES:	Tuesday and Thursday: 1:00-2:15 PM, EN 319
INSTRUCTOR:	Donald E. Barbe', Ph.D., P.E., F.ASCE Office: EN 821 Phone: 280-6283 email: dbarbe@uno.edu
OFFICE HOURS:	Tuesday and Thursday: 10:15-11:00 AM and 12:15-1:00 PM On –line: TBA These times may not be convenient for all students therefore office hours can be by appointment.

GRADING SCHEME

ATTENDENCE:	10%		
TESTS: 4 @ 15% each	60%		
DESIGN REPORTS: 2 @ 15% each	30%		
FINAL EXAM:			
(I will drop your lowest TEST 15%)			
Graduate students: Analysis and/or design			
of an engineering system (assigned by the			
instructor) will be pass/fail graded.			

GRADING SYSTEM:

- A 90 and up
- B 80 to 89
- C 70 to 79
- D 60 to 69
- F Below 60

GENERAL COURSE OBJECTIVE (ENCE 4318) : To familiarize the students with the application of the basic principles of fluid mechanics to problems associated with pipe and open channel flows. The applications in this course will involve pipelines, pipe networks, flow measurement, flow in rivers, design of canals, and hydraulic structures.

SPECIFIC COURSE OBJECTIVES (ENCE 4318) : On the successful completion of this course the students should have the ability to:

a) understand and applied the continuity equation to steady open-channel flows and steady incompressible pipe flows;

b) understand and applied the energy principle to steady open-channel flows and steady incompressible pipe flows;

c) understand and applied the momentum principle to steady open-channel flows and steady incompressible pipe flows;

d) apply the principles of hydrostatic to hydraulic structures.

e) apply the Manning Equation for uniform open channel flow;

f) compute water surface profiles for gradually varied steady flow;

g) compute the steady state operating flow and head for a pipeline with a pump;

h) design a culvert with inlet or outlet control.

Graduate students: Analyze and or Design and present of a hydraulic engineering system.

TOPIC OUTLINE

Tentative Schedule

Chapter Topic

- 1 Introduction
- 2 Fluid Properties
- 3 Forces Motion and Energy
- 4 Hydrostatics
- 5 Governing Equations
- 6 Dimensional Analysis and Hydraulic Similarity
- 7 Flow Resistance and Velocity Distribution
- 8 Closed Conduit Flow
- 9 Pumps
- 10 Channel Geometry
- 11 Resistance in Open Channels
- 12 Energy Principles in Open Channels
- 13 Momentum Principle in Open Channels
- 14 Gradually Varied Flow
- 15 Computation of Water Surface Profiles
- 16 Design of Hydraulic Controls and Structures

*ENCE 4319 is integrated with the theory in ENCE 4318 Tutorial/laboratory of 3 hours/week.

*ENCE 5319 is integrated with the theory in ENCE 5318 Tutorial/laboratory of 3 hours/week.

GENERAL INSTRUCTIONS ON THE ADMINISTRATION OF THE CLASS:

- 1) The nature of this course is such that attendance is required in order to maintain the requisite continuity to pass the course. If you cannot attend class for some reason, call the instructor or the Engineering secretary and explain why. You must sign in on a sign-in sheet passed around during class.
- 2) You should read all assignments and take and maintain detailed notes. All students are encouraged to ask questions and to enter into class discussions. The instructor is unable to determine the degree of understanding by each student. For this reason it is each student's responsibility to ask for clarification of any topic he feels is needed.
- 3) Students are expected to conduct themselves according to the principles of academic integrity as defined in the statement on Academic Dishonesty in the UNO Student Code of Conduct. Any student or group found to have committed an act of academic dishonesty shall have their case turned over to the Office of Student Accountability and Advocacy for disciplinary action which may result in penalties as severe as indefinite suspension from the University. Academic dishonesty includes, but is not limited to: cheating, plagiarism, fabrication, or misrepresentation, and being an accessory to an act of academic dishonesty.
- 4) Assignments that are turned in late will have 10 points per class deducted.
- 5) In case of withdrawal from the course or resignation from the University, the course grade will be determined from the work completed according to the grading schedule.
- 6) I am generally available with the exception of those times when I am in class, busy with my research work or other university and professional duties. Please make an appointment.
- 7) It is University policy to provide, on a flexible and individualized basis, reasonable accommodations to students who have disabilities that may affect their ability to participate in course activities or to meet course requirements. Students who seek accommodations for disabilities must contact the Office of Disability Services prior to discussing their individual needs for accommodation with their instructors.
- 8) Be in class on time. Please do not come five, ten, or twenty minutes late. Distracting interruptions are inconsiderate, disrespectful, and time-wasting. There is no excuse for repeatedly arriving late. Parking is often a hassle; allow enough time for it. Cell phones should be turned off before class begins.
- 9) Feel free to ask questions of the instructor during class. But please do not ask other students, as talking disturbs my concentration and the concentration of other class members.
- 10) Students are expected to treat faculty and fellow students with respect. Any actions that purposefully and maliciously distract the class from the work at hand will not be allowed.
- 11) Civility in the classroom and respect for the opinions of others is very important in an academic environment. It is likely you may not agree with everything that is said or discussed in the classroom. Courteous behavior and responses are expected.
- 12) Students must have Internet access to <u>www.uno.edu</u> and the Moodle portion of ENCE 4318. All communications, including the posting of grades will be done through Moodle. Students are responsible for all e-mail communications from the instructor to their UNO email account. Help with Moodle can be accessed at <u>http://www.uno.edu/moodle</u>.
- 13) Students are expected to fully participate in all classroom activities. Full participation means that students arrive on time, have prepared for class by completing all assignments, and are ready for active and purposeful engagement with the topic at hand.

Important Dates*

Fall Semester Holidays

Labor Day	09/07/2015
Mid-semester break	10/15-10/16/2015
Thanksgiving	11/26-11/27/2015

Withdrawal Policy – Undergraduate only

Students are responsible for initiating action to resign from the University (withdraw from all courses) or from a course on or before dates indicated in the current Important dates calendar. Students who fail to resign by the published final date for such action will be retained on the class rolls even though they may be absent for the remainder of the semester and be graded as if they were in attendance. Failure to attend classes does not constitute a resignation. Check the dates on the Registrar's website, <u>http://www.registrar.uno.edu</u>. Please consult The Bulletin for charges associated with dropping and adding courses.

Incomplete Policy – Undergraduate only

The grade of I means *incomplete* and is given for work of passing quality but which, because of circumstances beyond the student's control, is not complete. The issuance of the grade of I is at the discretion of the faculty member teaching the course. For all graduate and undergraduate students, a grade of I becomes a grade of F if it is not converted before the deadline for adding courses for credit (as printed in the Important Dates Calendar) of the next regular semester including summer semester.

Repeat Policy

When a student is permitted to repeat a course for credit, the last grade earned shall be the one which determines course acceptability for degree credit. A student who has earned a C or better in a course may not repeat that course unless, (1) the catalog description indicates that the course may be repeated for credit, or (2) the student's Dean gives prior approval for documented extenuating circumstances.

Graduate Policies

Graduate policies often vary from undergraduate policies. To view the applicable policies for graduate students, see the Graduate Student Handbook: <u>http://www.uno.edu/grad/documents/GraduateStudentHandbook2014.pdf</u>

Academic Dishonesty Policy

http://www.uno.edu/student-affairs-enrollment-management/documents/academic-dishonesty-policy-rev2014.pdf

Safety Awareness Facts and Education

Title IX makes it clear that violence and harassment based on sex and gender is a Civil Rights offense subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories such as race, national origin, etc. If you or someone you know has been harassed or assaulted, you can find the appropriate resources here: <u>http://www.uno.edu/student-affairs-enrollment-management/</u>

UNO Counseling Services and UNO Cares

UNO offers care and support for students in any type of distress. Counseling Services assist students in addressing mental health concerns through assessment, short-term counseling, and career testing and counseling. Find out more at <u>http://www.uno.edu/counseling-services/</u>. First-year students often have unique concerns, and UNO Cares is designed to address those students succeed. Contact UNO Cares through <u>http://www.uno.edu/fye/uno-cares.aspx</u>.

Emergency Procedures

Sign up for emergency notifications via text and/or email at E2Campus Notification: <u>http://www.uno.edu/ehso/emergency-communications/index.aspx</u>. All emergency and safety procedures are explained at the Emergency Health and Safety Office: <u>http://www.uno.edu/ehso/</u>.

Diversity at UNO

As the most diverse public university in the state, UNO maintains a Diversity Affairs division to support the university's efforts towards creating an environment of healthy respect, tolerance, and appreciation for the people from all walks of life, and the expression of intellectual point of view and personal lifestyle. The Office of Diversity Affairs promotes these values through a wide range of programming and activities. <u>http://diversity.uno.edu/index.cfm</u>

Learning and Support Services

Help is within reach in the form of learning support services, including tutoring in writing and math and other supplemental instruction. Visit the Learning Resource Center in LA 334, or learn more at http://www.uno.edu/lrc/.

Affirmative Action and Equal Opportunity

UNO is an equal opportunity employer. The Human Resource Management department has more information on UNO's compliance with federal and state regulations regarding EEOC in its Policies and Resources website: http://www.uno.edu/human-resource-management/policies.aspx
