STUDENT LEARNING OBJECTIVES
Students who satisfactorily complete this course will be able to:

• Solve acid-base equilibrium problems, with specific application to the carbonic acid system, and corrosion control by carbon dioxide removal.
• Analyze and solve solid-liquid equilibrium problems, with specific applications to control of scaling in pipes and hardness removal.
• Discuss oxidation-reduction principles, with applications to water and wastewater treatment.
• Interpret the results of common water quality laboratory analysis.
• Make use of common water quality testing equipment.

ATTENDANCE POLICY
Attendance is required. If you cannot attend the lab for any reason, call the instructor or the engineering administrative assistant and explain why. If you miss a lab without proper justification, automatically you will get a zero in this lab. If you have justification to miss it, in order to get a grade you will have to write a lab report by your own.

TEXTBOOKS AND OTHER MATERIAL

• A Problem Solving Approach to Aquatic Chemistry by James N. Jensen, John Wiley & Sons.
• Aquatic Chemistry by Stumm and Morgan, John Wiley & Sons.

PREREQUISITES
Consent of the department. Registration in ENCE 6313 Water and Wastewater Treatment Chemistry (Lecture) is strongly recommended.

TENTATIVE DUE DATES FOR ASSIGNMENTS, EXAMS

The lab reports are due one week after performing the lab experiments. The exam dates are the following:

- First exam, Oct 02
- Second exam, Nov 13
- Final exam, Dec 11

CRITERIA FOR GRADING, GRADING STANDARDS

There will be three exams (two mid-term tests and the final exam, each with the same weight), worth 50 percent of the grade, and seven lab reports, worth 50 percent of the grade. The lab reports are not optional; they are mandatory. For every day of late submission of a lab report you will lose 10 points (in a 100-point scale).

The final letter grade is computed as follows: The overall numerical grade will be divided by the highest score in class, so that the best possible normalized score will be 100 points. If the normalized score is more than 90 points the grade will be an A; from 80 - 89, the grade will be a B; from 70 – 79, the grade will be a C; from 60 - 69, D; below 60, F.

ACADEMIC DISHONESTY POLICY

Students are expected to conduct themselves according to the principles of academic integrity as defined in the statement on Academic Dishonesty in the UNO Student Code of Conduct. Any student or group found to have committed an act of academic dishonesty shall have their case turned over to the Office of Student Accountability and Advocacy for disciplinary action, which may result in penalties as severe as indefinite suspension from the University. Academic dishonesty includes, but is not limited to: cheating, plagiarism, tampering with academic records and examinations, falsifying identity, fabrication, or misrepresentation, and being an accessory to an act of academic dishonesty.

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

It is University policy to provide, on a flexible and individualized basis, reasonable accommodations to students who have disabilities that may affect their ability to participate in course activities or to meet course requirements. Students who seek accommodations for disabilities must contact the Office of Disability Services prior to discussing their individual needs for accommodation with their instructors.

Withdrawal Policy – Undergraduate only
Students are responsible for initiating action to resign from the University (withdraw from all courses) or from a course on or before dates indicated in the current Important dates calendar. Students who fail to resign by the published final date for such action will be retained on the class rolls even though they may be absent for the remainder of the semester and be graded as if they were in attendance. Failure to attend classes does not constitute a resignation. Check the dates on the Registrar's website, http://www.registrar.uno.edu. Please consult The Bulletin for charges associated with dropping and adding courses.

Incomplete Policy – Undergraduate only
The grade of I means incomplete and is given for work of passing quality but which, because of circumstances beyond the student’s control, is not complete. The issuance of the grade of I is at the discretion of the faculty member teaching the course. For all graduate and undergraduate students, a grade of I becomes a grade of F if it is not converted before the deadline for adding courses for credit (as printed in the Important Dates Calendar) of the next regular semester including summer semester.

Repeat Policy
When a student is permitted to repeat a course for credit, the last grade earned shall be the one which determines course acceptability for degree credit. A student who has earned a C or better in a course may not repeat that course unless, (1) the catalog description indicates that the course may be repeated for credit, or (2) the student’s Dean gives prior approval for documented extenuating circumstances.

Graduate Policies
Graduate policies often vary from undergraduate policies. To view the applicable policies for graduate students, see the Graduate Student Handbook: http://www.uno.edu/grad/documents/GraduateStudentHandbook2014.pdf
