COURSE GOALS AND CONTENT  
As an aspiring musician, one of the fundamental steps in your musical development is to establish a solid foundation in musicianship and aural skills. The skills acquired in ear training ultimately lead to aural comprehension (i.e., your ability to hear what you see, to see what you hear, and to coordinate what you see with what you hear) and comprise a very important facet in the musical discipline.

In this course you will continue to learn to recognize, identify, notate and sight read specific musical patterns. The content will include:
- Sightsinging* (tonal exercises with modulations and nonrhythmic exercises)
- Rhythmic reading*
- Dictation (rhythmic, melodic and harmonic in 2 and more parts)
- Aural Skills (identification of simple and compound intervals, scales/modes, chord progressions – diatonic and altered with modulations of other keys, identification of musical forms and error detection)

*Performed with appropriate solfege or rhythm syllables while conducting the meter.

STUDENT LEARNING OBJECTIVES  
Upon satisfactory completion of the course you will be able to:
- Read at sight unfamiliar music examples
- Write out rhythmic and melodic patterns that are played
- Aurally recognize and identify harmonic progressions within a given key context
- Aurally comprehend and comment on specific music procedures, including stylistic differences between music of different eras
- Apply your heightened musical awareness and musicianship skills to other areas such as performance, composition, improvisation and conducting

WITHDRAWAL POLICY – Undergraduate only
Students are responsible for initiating action to resign from the University (withdraw from all courses) or from a course on or before dates indicated in the current Important dates calendar. Students who fail to resign by the published final date for such action will be retained on the class rolls even though they may be absent for the remainder of the semester and be graded as if
they were in attendance. Failure to attend classes does not constitute a resignation. Check the dates on the Registrar’s website, http://www.registrar.uno.edu. Please consult The Bulletin for charges associated with dropping and adding courses.

**INCOMPLETE POLICY – Undergraduate only**
The grade of I means incomplete and is given for work of passing quality but which, because of circumstances beyond the student's control, is not complete. The issuance of the grade of I is at the discretion of the faculty member teaching the course. For all graduate and undergraduate students, a grade of I becomes a grade of F if it is not converted before the deadline for adding courses for credit (as printed in the Important Dates Calendar) of the next regular semester including summer semester.

**REPEAT POLICY**
When a student is permitted to repeat a course for credit, the last grade earned shall be the one which determines course acceptability for degree credit. A student who has earned a C or better in a course may not repeat that course unless, (1) the catalog description indicates that the course may be repeated for credit, or (2) the student's Dean gives prior approval for documented extenuating circumstances.

**ACADEMIC INTEGRITY**
Academic integrity is fundamental to the process of learning and evaluating academic performance. Academic dishonesty will not be tolerated. It includes but is not limited to: cheating, plagiarism, tampering with academic records and examinations, falsifying identity, and being an accessory to acts of academic dishonesty. For further information, refer to the UNO Judicial Code available online at: http://studentaffairs.uno.edu/pdfs/StudentCode.pdf

**DISABILITY NOTICE**
Students with disabilities and/or special needs must notify the instructor before the end of the first day of classes. It is also the responsibility of the student to register with the Office of Disability Services. Information is available at: ods.uno.edu.
