Workshop Session I

Time of Session: 11:00-12:00pm

Session Title: How to Become StormReady

Speaker: Frank Revitte, NOAA

Room: 256

Head Count: 19

Note Taker: Michelle Alcena

Notes:

300-500 lives lost annually due to sever weather

StormReady increases communicative and collaboration between local emergency management and the National Weather Service

Improve warnings and awareness programs

StormReady guidelines are based on community population tax based, size, kinds of disaster

Add StormReady information to Freshman Orientation

How do you get a certified weather station?

Can you do better at predicting the weather?

What are the incentives for getting StormReady certified?
