Exams

Exams will consist of multiple choice, short answer and problems.

The instructor will discuss selected topics in greater depth than the text. All materials discussed in class, whether in the text or not, will appear in examinations.

Students are expected to attend all exams. In emergency situation when attendance is not possible, the instructor must be notified in advance of the exam by e-mail. Written evidence is required for missing an exam. Make-up exams may be more difficult than the regularly scheduled exam. Make-up exams are given at the convenience of the instructor.

Students are required to bring UNO identification which may be checked by exam proctors.

Basic calculators may be used during examinations. Calculators that can store text in memory are prohibited.

Homework

Homework problems will be assigned during the semester. The instructor will review most homework assignments in class. Students should attempt homework before reviewing the solution. In so doing, the student gains feedback about his/her understanding of course materials. Conceptual misunderstandings, which are inevitable with new material, can be corrected before the exam. Make your mistakes in the homework and not in exams.

Class Attendance

Attendance is expected. Students are responsible for all topics and assignments discussed during class. If a student is unable to attend a class, the student is responsible for getting class notes from classmates or the instructor. Attendance is taken occasionally for administrative purposes.

Academic Integrity

Academic integrity is fundamental to the process of learning and evaluating academic performance. Academic dishonesty will not be tolerated. Academic dishonesty includes, but is not limited to, the following: cheating, plagiarism, tampering with academic records and examinations, falsifying identity, and being an accessory to acts of academic dishonesty. Refer to the Student Code of Conduct for further information. The Code is available online at www.studentaffairs.uno.edu.

Disability Accommodation

It is University policy to provide, on a flexible and individualized basis, reasonable accommodation to students who have disabilities that may affect their ability to participate in course activities or to meet course requirements. Students with disabilities should contact the Office of Disability Services and their instructors to discuss their individual needs for accommodations. For more information, please go to www.ods.uno.edu.

All students enrolled after the drop date will receive a letter grade of A, B, C, D, or F. Students who do not take the final exam will receive the grade of F.

Classroom Conduct

Please be in class on time. If you must leave class early, inform the instructor beforehand. Interruptions from arriving late or leaving early are distracting to the instructor and your classmates. Turn cell phones off before class. Treat faculty and fellow students with respect.

Students who do not follow this code of conduct will be given a warning. Any breach of the code that occurs thereafter will result in a 5% penalty on the final exam score for each infraction.
