*STRUCTURAL CONCRETE DESIGN ENCE 4359-601*

Class Hours: 6:00-7:15 PM, TU/TH  
Class Room: 319Eng. Building  
Textbook: STRUCTURAL CONCRETE: THEORY AND DESIGN, SIXTH EDITION/  
Authors: M. Nadeim Hassoun & Akthem Al-Manaseer

**Instructor:** Dr. Qasem Abughazleh  
Tel.: (504)-287-7095 qabughaz@uno.edu  
Office Room: 816 Engineering Building  
Office Hours: TBA

**Prerequisites:** Mechanics of Materials & Structural Analysis.

**Course Description**

Credit: 3 hours.  
Concrete design covers the fundamentals of structural Concrete design using LRFD or may be ASD. By the end of the semester, student will be able to analyze and design beams, compression member, one way slab, spread footing and retaining wall. The design will be based on flexural, shear and torsion strength.

**EXAMS:** There will be four exams and a comprehensive final exam; the best three scores will be counted allowing the student to drop their lowest test score. All or some of the exams are closed book. No makeup exam will be given. In the event that a student misses an exam, it will be dropped as the student’s lowest exam score.

**HOMEWORK:** Homework will be assigned for each chapter. Homework will be due at the beginning of the class the same day the following week. All homework will be from the text book. All homework will be submitted on engineering paper in the format discussed in class; not following proper format will cause deduction of points.

**QUIZZES:** Quizzes may be expected at the beginning of each class.

**Grading System:**

Withdrawal Policy – Undergraduate only
Students are responsible for initiating action to resign from the University (withdraw from all courses) or from a course on or before dates indicated in the current Important dates calendar. Students who fail to resign by the published final date for such action will be retained on the class rolls even though they may be absent for the remainder of the semester and be graded as if they were in attendance. Failure to attend classes does not constitute a resignation. Check the dates on the Registrar’s website, http://www.registrar.uno.edu. Please consult The Bulletin for charges associated with dropping and adding courses.

Incomplete Policy – Undergraduate only
The grade of I means incomplete and is given for work of passing quality but which, because of circumstances beyond the student’s control, is not complete. The issuance of the grade of I is at the discretion of the faculty member teaching the course. For all graduate and undergraduate students, a grade of I becomes a grade of F if it is not converted before the deadline for adding courses for credit (as printed in the Important Dates Calendar) of the next regular semester including summer semester.

Repeat Policy
When a student is permitted to repeat a course for credit, the last grade earned shall be the one which determines course acceptability for degree credit. A student who has earned a C or better in a course may not repeat that course unless, (1) the catalog description indicates that the course may be repeated for credit, or (2) the student’s Dean gives prior approval for documented extenuating circumstances.

Graduate Policies
Graduate policies often vary from undergraduate policies. To view the applicable policies for graduate students, see the Graduate Student Handbook:
