Quiz/Exam Directions:

Each quiz will be administered through Moodle. The following are directions for taking your quizzes:

1) The quizzes will take place in Moodle. Weekly quizzes will be available to students beginning on Mondays at 12:00 a.m. and closing on Sundays at 11:59 p.m. The questions may be multiple choice, true or false, fill-in-the-blank, essay, drag-and-drop, or matching.

2) Each quiz/exam is a timed examination. Students are given approximately 20 minutes - 2 hours to complete the quiz/examination (based on number of questions). Please refer to the exam directions for each exam. A time elapsed clock will be displayed at the top of the screen. Please monitor your testing time. Please keep in mind that I have access to your testing beginning and completion time. The exam will end after the allotted time, and you will not receive credit for any questions that you did not complete. If you exceed the time for any reason, Moodle may delete your attempt, and you will receive a ZERO! Do not exceed the exam time!

3) Each quiz/examination must be completed at the time of log in. The exam cannot be resumed later. Do not log out and log back in to an exam or quiz for any reason. Moodle may give you a zero and delete your attempt.

4) One question will appear on a page at a time. You must click on each question and answer each question until you reach the end of the quiz/exam. You can save the question and your answers and continue without submitting your exam to be scored which is highly recommended. Please review the Moodle exam screen for the number of questions that will appear. It is your responsibility to answer all questions, or you will not receive credit for the questions that you did not complete.

5) At the completion of the final question, click the submit button. This will submit your examination for grading. It is your responsibility to be certain that your exam was properly submitted and graded. You should check Moodle immediately after an exam to be certain that your grade was recorded in your grade book. IF you notice that your grade was not properly posted, please contact me immediately.

6) Moodle does not allow you to open other computer programs or click out of the
quiz/exam. Close all other computer programs (except Moodle) while taking your examination. If not, you may be locked out of the exam and receive a 0.

7) You are expected to complete the examination, quizzes, and all assignments individually. Any collaboration constitutes academic dishonesty; and you will receive an "F" in the course.

8) Exams will be available to review after the exam closes. Only the question and your mark will be shown during the review period. This is intended to be a learning experience! **I WILL NOT PROVIDE THE ANSWERS TO EXAM QUESTIONS!** If you notice any discrepancies, please email me the question number, why you think your answer is correct, and the page number in the textbook to support your answer. I will review your exam and make an adjustment if warranted.

**University Policy on Academic Integrity:**
Academic Integrity is fundamental to the process of learning and evaluating academic performance. Academic dishonesty will not be tolerated. Academic dishonesty includes, but is not limited to, the following: cheating, plagiarism, tampering with academic records and examinations, falsifying identity, and being an accessory to acts of academic dishonesty. Students found participating in academic dishonesty will be punished to the fullest extent. Refer to the UNO Judicial Code for further information. The Code is available online via the UNO webpage ([www.uno.edu](http://www.uno.edu)).

**Statement of Accommodations for Students with Disabilities:**
It is University policy to provide, on a flexible and individualized basis, reasonable accommodations to students who have disabilities that may affect their ability to participate in course activities or to meet course requirements. Students with disabilities should contact the Office of Disability Services as well as their instructors to discuss their individual needs for accommodations. For more information, please go to [http://www.ods.uno.edu](http://www.ods.uno.edu).

**Sexual Harassment Policy:**
**Purpose:** To reaffirm the University’s policy against sexual harassment in any and all areas of the University environment. Harassment on the basis of sex is a violation of Section 703 of Title VII of the Civil Rights Act of 1964. Additionally, sexual harassment subverts the mission of the University. It is necessary, therefore, to prohibit such behavior to protect both the individuals involved and the University.

**General Policy:** Sexual harassment is unacceptable behavior and will not be tolerated. Sexual harassment is a violation of state and federal law. Sexual harassment has a negative impact on the functioning of the University. Consequently, all members of the University community must be sensitive to the possibility of sexual harassment whether intended or inadvertent. Individuals
must recognize this potential and act to prevent it. When sexual harassment has occurred, the University shall take effective and expeditious action.

Individuals in supervisory positions must be aware of their role as agents of the University and shall make every effort to censure such behavior when it occurs. Any member of the University community who is informed of a possible incident of sexual harassment shall make the informer aware of the existence of the University’s policy and procedures.

All members of the University community must learn to recognize sexual harassment when it occurs and should be aware of the policy and procedures which govern the handling of allegations of sexual harassment fairly and expeditiously. Since those who may be subjected to sexual harassment may experience disruption in their work or academic environment and may fear retaliation and public notoriety, investigative procedures must protect their privacy as much as possible.

**Student Verification Policy:**
To ensure academic integrity, all students enrolled in distance learning courses at the University of New Orleans may be required to participate in additional student identification procedures. At the discretion of the faculty member teaching the course, these measures may include on-campus proctored examinations, off-site or online proctored examinations, or other reasonable measures to ensure student identity.
